Demand balances with domestic lanks (except recorded balances and balances with private banks and A serican branches of five go banks, plus cash iter s in paces of calculated are based on deposits at opening of business. The figures in this column, therefore, represent the reserves required to be maintained on the business day following the call date. The requirements as to reserves to be maintained by each member bank are as follows. Time deposits of percent for all member banks, not demand do to 19 percent for country banks. The figures shown in this column are the differences between reserve had ness reported by member banks on the call date and the reserves required to be maintained on the first business day following the call date. They are, therefore, merely approximations of the reserve position of member banks.

1 member bank in Alaska and 1 member bank in the Vugin Islands of the United States.
